### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Applicant's representative, Mark Cohen, on December 7, 2009.

The application has been amended as follows:

In **claim 56**, line 3, delete the phrase -- or a porphyrin --

In **claim 57**, lines 6-7, delete the phrase -- porphyrin and --

In **claim 66**, line 3, delete the phrase -- or a porphyrin --

In **claim 67**, lines 6-7, delete the phrase -- porphyrin and --

The following is an examiner's statement of reasons for allowance: The closest prior art of record, LANSBURY, teaches 2,2'-bipyridine complexes to treat Alzheimer's, however it does not teach or suggest the use of 1,10-phenanthroline complexes. While phen and bipy ligands are structurally similar, bipy ligands are potentially labile ligands, having at least one degree of rotational freedom not present in the phen ligand. Thus, one would not necessarily consider the ligands equivalent, particularly in medicinal usage.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
